Dear Prospective Member,

Welcome to the Yokota Flight Training Center (FTC) / Aero Club. We're the only military aero club located on Mainland Japan and one of three in the Pacific. The only requirements to join the Aero Club are that you are under the Status of Forces Agreement (SOFA) of Japan, hold a Military Identification Card, a copy of your original birth certificate or current U.S. Passport (Transportation Security Administration (TSA) requirement).

There is a onetime initiation fee of $35.00 which can be waived with a letter of good standing from another military aero/flying club and monthly dues of $30.00. You must be enrolled in automatic dues either by a credit card or by an advance payment of 12-months ($360.00). We have a letter which you may sign to give us the authorization to charge you dues monthly via MasterCard, or VISA. Once becoming a member, your ground and flight scheduling will be authorized through an internet scheduling service at https://www.flightschedulepro.com/. Effective 1 May 2017, the 10% Club Member Discount and Members First Discount will only be applied if you can show a valid USAF Club membership via MemberPlanet - payment Confirmation.

Once your paperwork has been processed and have been inputted into the Automated Dispatch Computer (ADP) and internet scheduling, “students” will then schedule any FAA ground instructor who will provide you with the accelerated orientation of normal ground procedures prior to your first flight.

Initial “Pilots” will take the orientation once all written tests have been graded and prior to first flight. The initial exams are the following:

- Annual Standardization
- Make and Model Exam
- Mountain Exam
- Those interested in conducting Instrument flight must complete the Instrument exam.

We have constructed an initial pilot briefing checklist to ensure you have an understanding of our daily operations and procedures. The cost for the mandatory ground instruction is $35.00 per hour for a maximum total of $105.00.

The syllabus used at Yokota FTC private pilot course is based on assortment of material throughout the general aviation community. We follow our own syllabus written to satisfy Part 141 and Part 61 requirements which incorporates the Redbird FMX/cl simulator for flight training.

If you're not taking our formal ground course, you can purchase an online “Learn To Fly Course (Online or DVD) - Private Pilot Test Prep” or through other commercial pilot organizations throughout the Internet. Whomever you select, insure they offer a student endorsement for completion of your ground course. An endorsement is required in order to take the FAA written examination. Completion of ground school is required prior to your first solo cross-country training flight. We find it best to have some flight experience prior to the course or to complete the ground and flight training in unison for a solid understanding of the training process and materials.

Our Technologically Advanced Aircraft (TAA) rental rates are $129.00 per hour wet (Fuel included) for an 180HP Cessna 172 and our instruction fees are $35.00 per hour. Our aircraft are second to none and you won't find a more economical place to fly than at Yokota Air Base Japan.

If you have further questions, please contact the flight training center staff at DSN: 225-8988 and we would be happy to assist you. We hope to get the change to fulfill your dreams of flying.

Sincerely,

VICTOR ARZUAGA, NF-IV
Chief, Aero Club Operations

Note: All prices are subject to change.
1. Complete the Flight Training Center standardization, aircraft make & model knowledge and mountain flying written examinations. Note: Those pilots qualified and interested in Instrument Flight Condition (IFR) flights must also take the instrument examination.

2. Read Pilot Information File (PIF).

3. Review or attend the monthly safety meeting.

4. Schedule 3-hours ground/local procedures familiarization. “Pilots” after all written exams are completed.

5. Complete the AF Form 2519, Indoctrination Briefing Guide and Initial Pilot Briefing.

6. Obtain briefing from the Instructor for the following, if a student pilot member:
   - Overall flight and ground training
   - Scheduling aircraft and Instructor
   - USAF Flight Training Record and Local Training Syllabus if applicable.

7. Initial Pilot Briefing is intended to give new members an overview and understanding of the Yokota Flight Training Center / Aero Club operating procedures. All members must receive this indoctrination briefing prior to scheduling their first flight with a certified flight instructor. The training consist approximately 30 items ranging from scheduling aircraft, local area procedures, local area charts and traffic, cross-country procedures, fueling, weight and balance, aircraft preflight and fueling procedures, etc. Once all the preliminary items are completed, the member with the instructor will go through the dispatching checklist and complete all items prior to flight.

8. A certified pilot must accomplish 50 items on the FAA Airplane Airman Certification Standards (ACS) to become qualified to fly Yokota Flight Training Center aircraft and each item is evaluated by a certified flight instructor. Members must be certified to fly our aircraft cross-country, inside the Tokyo Terminal Control Area, during night and instrument flight if FAA certified as an instrument pilot. The USAF Aero Club / Flight Training Center Instructor Standardization guide is the publication among others used for pilot qualifications. No member is authorized to use our aircraft unless they have the requirements and qualifications mandated by AFI 34-117, applicable Yokota Air Base instructions, Yokota Flight Training Center Standard Operating Procedures and the Federal Aviation Administration (FAA) regulations. We also abide with International Civil Aviation Organization (ICAO), Japanese Civil Aviation Bureau (JCAB) regulations and any procedure required in landing and departing local airport.

9. A flight instructor must go through the same checkout procedures as new pilots. They must also take the instructor written examination; participate in standardization training for each course that is taught and piece of equipment used in instruction; maintains flight proficiency for each course that is instructed; adheres to all FAA regulations and Air Force and local policies and procedures; researching new and improved teaching techniques.

10. Our flight and ground instructors are the central figure in aviation training and are responsible for all phases of required training. The instructor must be fully qualified as aviation professionals. They must also show proficiency in both pilot and co-pilot positions. Each instructor is evaluated by either the Chief Instructor or Aero Club Manager. Evaluations are also conducted via student pilot check flights to insure the instructor is teaching according to Federal Aviation Guidelines. Even though the instructor is qualified, their evaluations continue throughout the instructors’ contract.

11. All members, instructors and staff require an annual check flight to conduct flights at the Yokota Flight Training Center. All checkouts are based on the USAF Aero Club Instructor Standardization Guide and documented via AF Form 1584 (Pilot’s Checkout Record). This guide and exams are located at https://www.usafservices.com/Managers/AeroClubs/SupportingStandards.aspx

12. Yokota Flight Training Center understands that members come to us with widely differing flight experience; however, there is no guarantee they have ever been properly trained to fly general aviation aircraft. It’s our responsibility to insure that each member is qualified to fly at Yokota and surrounding airports. The existence of the Yokota Flight Training Center is dependent on our safety record, which is a direct reflection of how well we conduct our training and checkout programs.

Note: All prices are subject to change.

I, (Print Name) _______________________________ am about to voluntarily participate in various activities, including flying activities, of the **Yokota Flight Training Center / Aero Club** as a pilot, student pilot, copilot, instructor, or passenger. In consideration of the Aero Club permitting me to participate in these activities, I, for myself, my heirs, administrators, executors, and assigns, hereby covenant and agree that I will never institute, prosecute, or in any way aid in the institution or prosecution of, any demand, claim, or suit against the US Government for any destruction, loss, damage, or injury (including death) to my person or property which may occur from any cause whatsoever as a result of my participation in the activities of the Aero Club.

If I, my heirs, administrators, executors, or assigns should demand, claim, sue or aid in any way in such a demand, claim or suit, I agree, for myself, my heirs, administrators, executors, and assigns to indemnify the US Government for all damages, expenses, and costs it may incur as a result thereof.

I know, understand, and agree that I am freely assuming the risk of my personal injury, death, or property damage, loss or destruction that may result while participating in Aero Club activities, including such injuries, death, damage, loss or destruction as may be caused by the negligence of the US Government.

I also understand and agree that I may be held liable for any damages or loss to the US Government which is caused by my gross negligence, willful misconduct, dishonesty, or fraud, and for limited damages or loss to the US Government which is caused by my simple negligence.

The term US Government as used herein includes the _______________________________ Aero Club and any officer, agent, or employee of the US Government or the Aero Club, or any Aero Club member, participant, user, or flight or ground instructor, acting officially or otherwise.
